Alex advises clients on complex financing transactions, including acquisition financings, secured and unsecured credit facilities, growth capital financings, venture debt facilities, debt restructurings and bespoke private-client lending arrangements. She regularly represents private equity firms and their portfolio companies in structuring and negotiating acquisition and leveraged finance transactions, primarily within the technology and software industry.

In addition to sponsor-backed and corporate financings, Alex has experience advising high net worth individuals and family offices on liquidity facilities and other customized credit arrangements.

She also maintains an active pro bono practice.
