Stephane Levy concentrates his practice on representing emerging growth technology and life sciences companies and their investors on a variety of transactions including entity formation, seed investments, venture capital financings, mergers and acquisitions and initial public offerings. Stephane also regularly lectures on the legal aspects affecting emerging companies and venture capital funds, including as an Adjunct Professor at Cornell University Law School.

In addition to teaching law students, he has held lectures for practicing lawyers at the Practising Law Institute and often presents to entrepreneurs and venture capitalists at organizations such as New York City Venture Connection, the Startup Leadership Program and various incubators and accelerator programs in and around New York City.
