Ryan Sansom centers his practice on advising privately held and publicly traded emerging companies, with a strong emphasis on companies across the spectrum of the life sciences industry, including biotechnology, medical devices, healthcare IT and health and wellness. Ryan's representation of life sciences and technology companies spans the entire emerging company life-cycle, including pre-incorporation planning, formation and founder matters, seed, venture capital and growth equity financings, public offerings and mergers and acquisitions, and other complex transactions. In addition, Ryan often represents venture capital firms in connection with their investments in emerging companies and underwriters in connection with public offerings by emerging companies.

Ryan is also a member of the AMC White Mountain Club having summited all 48 NH 4000 Foot Peaks.
