Patent Counseling and Prosecution – Technology

Technology

Software

Artificial Intelligence

Semiconductor

Medtech

Mike applies his technical experience in electronics, software, semiconductor materials and physics to his practice of patent preparation and prosecution.

Before joining Cooley, Mike was a senior applications engineer at a US nanotechnology startup, advising clients in semiconductor manufacturing and process control on wafer defectivity and yield. Prior to that, he was an electrical engineer at a multinational medical technology company, where he designed and manufactured digital circuit boards for medical devices across several business units.

Education

Columbia University

BS, Electrical Engineering, magna cum laude, 2021

Colgate University

BA, Physics, summa cum laude, 2021

Admissions & Credentials

United States Patent and Trademark Office (USPTO)
