Patent Counseling and Prosecution
Intellectual Property
Life Sciences and Healthcare

Sam advises clients on patent prosecution, patent counseling and strategic patent portfolio management. His practice includes drafting patent applications, prosecuting worldwide patent portfolios, freedom-to-operate and invalidity opinions, post-grant proceedings including inter partes reviews, post-regulatory filings such as Orange Book listings, due diligence in venture capital investment and M&A deals, and patent life cycle management. He has represented clients across diverse technology areas, including small molecule therapeutics, PROTACs, bioconjugates, radiopharmaceuticals, polymers, analytical instruments, functionalized materials, additive manufacturing, medical devices and green technology.
