

Mike Santos

Chief Security and Technology Officer

msantos@cooley.com

+1 858 550 6462

San Diego

Mike leads Cooley's security and technology departments. He is responsible for developing, leading and executing a comprehensive security, privacy and technology strategy that aligns with business goals and supports the firm's growth plans. Mike also supervises all security, privacy, and technical aspects of the firm, creates strategies to protect company assets, data, and infrastructure, and leads technical staff to ensure efficient product support.

Mike's credentials include ISC2's Certified Information Systems Security Professional and EC-Council's Certified Chief Information Security Officer.
