Before law school, Jason was a researcher in the pharmaceutical department of the University of California, San Francisco.

Jason was featured on the July 2025 installment of Market Talks, "Capital Markets Momentum – Key Trends and the Rise of Convertibles," during which he discussed the current state of the capital markets entering the second half of 2025. Specifically, he explored the structural and strategic considerations for convertible notes offerings.

Jason is ranked in Band 2 of the Chambers USA 2025 Capital Markets: Convertible Debt table.

Education

University of California, Berkeley, School of Law JD, 2008
