Impact Investing and Mission-Driven Enterprises

Colleen represents emerging high-growth companies throughout their life cycle, with a focus on all aspects of emerging company development, including corporate formation, venture capital financings, corporate spinouts and restructurings, mergers and acquisitions, and capital markets transactions. She also has experience representing venture capital and angel investors in their investment transactions. Since 2021, Colleen has handled VC financings with an aggregate deal value of more than \$3.5 billion. Colleen is counsel to companies and their investors in a range of high-growth industries, including the life sciences, digital health, software, technology and consumer sectors.

Colleen's private company clients have included AnySignal, Archon Biosciences, Arzeda, Donuts (acquired by Abry), Nest Healthcare, New Engen (acquired by Insignia Capital), Nuance Labs, Outpace Biosciences, Parse Biosciences (acquired by QIAGEN), Polyarc, PVP Biologics (acquired by Takeda Pharmaceuticals), Scala.ai, Syndio, Talking Rain, Tasso and Vilya. Her public company clients have included Accolade, Alder BioPharmaceuticals (acquired by Lundbeck), Bolt Biotherapeutics, Etsy, Instacart and Instructure (acquired by Thoma Bravo). VC firms and investment banks Colleen has represented include 8VC, Andreessen Horowitz (a16z), ARCH Venture Partners, Barclays Capital, Cowen and Company, General Catalyst, Goldman Sachs, Jefferies, Madrona Venture Group, New Enterprise Associates and Redpoint Ventures.
