Technology Transactions
Intellectual Property
Outsourcing

Amy Collins is Special Counsel in the Cooley Technology Transactions Group and is resident in Cooley's London office. She joined in Cooley in 2015. Amy advises on a wide range of general commercial and non-contentious technology matters for clients in a range of sectors including technology, media and telecommunications, financial services and insurance.

Her primary focus is on technology-related transactions including the outsourcing and procurement of technology products and complex services, software development and licensing, internet and mobile business arrangements, e-commerce issues, consumer protection, data protection and privacy. Amy also advises on the commercial and intellectual property aspects of M&A transactions, with a particular focus on those involving businesses in the technology, media and telecommunication sectors.
